No problem. Expect two separate packages though; one from Daryl in Boulder (the listing "package") and a second from me in Longmont (2002 UDEQ report).

Hi Bruce,

I did receive them--thank you!! Is there any way you could provide me with another copy of each? I don't need them this instant, so they can be sent thru the mail to me at: [REDACTED]. Kathy is on-board.

Many thanks,
Jessie

I wanted to confirm that you received the two documents that you requested, and to see if there was anything else that you needed for the lower Silver Creek site.
